

Headwaters Trails is looking for people, who value the idea of having a canoe launch at Fish Lake Road where it meets the Shiawassee River in Holly Township, to contribute money toward that goal. Until **March 1, 2020**, an anonymous donor has pledged to match all donations, up to \$10,000.00 total, 50:50. Your \$50 donation can become \$100. Your \$100 dollar donation can become \$200. If you have the means, your \$1000 donation can become \$2000.

Headwaters Trails Inc. has applied to the Ralph Wilson Jr. Foundation for a grant of \$50,000. We have been told that we meet all the criteria needed to get that grant. It is restricted to SE Michigan for recreational purposes and they have \$100,000,000 to give out this year. The one catch, is that if we receive the grant, the project must be built this year. Donations that get us up to matching the \$10,000 challenge grant, will put us over the top of what is needed to assure that we can build the project. Please donate.

Headwaters Trails Inc. is a 501(c)(3) non-profit corporation. Donations may be deductible from your State and Federal Income Taxes. Consult your tax professional about your particular circumstances.
